

MOUNTAIN CLUB OF MARYLAND

Voluntary Emergency Information Sheet

This information is intended for the safety and peace of mind of participants in Mountain Club of Maryland activities in the event of an emergency. It will not be collected or reviewed by hike leaders or club representatives. MCM members may provide the relevant information by completing this form. (Use other similar forms if preferred.) Then, carry it with you on MCM activities so it will be available to emergency responders, whether assisting club members or dispatched providers, in the event you are unable to provide this information. If you choose to carry the form, please mark the pack pocket or the location you choose with a distinctive string or ribbon so hike leaders will not waste valuable time looking for a form which is not there. Again, this is completely voluntary, so you can provide as much information as you feel comfortable doing; providing general data and emergency and medical contact information could be particularly helpful in an emergency.
