

Mountain Club of Maryland Recognition Awards

The Mountain Club of Maryland (MCM) gives several awards each year to acknowledge members who have made outstanding contributions to MCM's activities and programs. While the specific awards may change over time, all of them recognize members whose significant efforts have benefitted the Club and the hiking community.

The list below identifies awards recipients since MCM restarted its awards program in 2010. At this time a list of awards given in earlier years of the Club's history is not available.
